

## Birds - species seen (or heard - H) in Selsdon Wood

The following bird list is largely based on Ted Forsyth's regular observations over many years, with additions from David Malins. Species recorded between 1972 & 1977 in the Penry-Jones booklet\* are noted by a Y in the 1978 column. Photographs on our website are indicated by a Y in the Photo column. Sightings in 2020 and thereafter are first recorded sightings (or hearings - marked with H) of the year supplied mainly by FSW members and members of the FSW Facebook group. Initials indicate the spotter/photographer:- Jack Branscombe (JB), Steve Budd (SB), Ruth Budd (RB), Neale Fox (NF), Lee Butcher (LB), James Moon (JM), Heather Govier (HG), Sarah Murton (SM), Ted Forsyth (TFo), Rosalyn Heaton (RH), Gillian Davey (GD). Birds are listed in alphabetical order, although some are grouped in families.

Less than half of these species have been photographed and we would love to have more pictures. If you can spot any of them and send us a photograph we would love to hear from you.

\* We have a booklet entitled "Selsdon Wood Nature Reserve - Its history and Management: Some records of Flora and Fauna" which was produced in 1978 by Jack Penry-Jones on behalf of the Croydon Natural History and Scientific Society. This contains lists of fungi, flora, birds, mammals, reptiles & amphibians, macro-lepidoptera, spiders and mollusks seen in Selsdon Wood.

Bird	Notes & Sightings	1978	Photo	2020	2021
American Bald Eagle	Flying over - an escape from captivity				
Blackbird	Resident - breeding.	Y	Y	18/5/20 (TFI)	10 Jan (RB) Preadated egg 3 Apr (RB)
